Dear Guests...

Welcome to the 8h INTE & ITICAM & IDEC -2017.

International Conference on New Horizons (INTE) and, International Trends and Issues in Communication & Media Conference (ITICAM) and International Distance Education Conference (IDEC) are international academic conferences for academics, teachers and educators. They promote the development and dissemination of theoretical knowledge, conceptual research, and professional knowledge through conferences activities, the conference proceedings books and TOJET, TOJNED Journals. Their focus is to create and disseminate knowledge about new developments in these academic fields.

INTE & ITICAM & IDEC conferences are now well-known international academic events and the number of paper submissions and attendees are increasing every year. This year our conferences have received more than 900 applications. The Conference Academic Advisory Board has accepted approximately 600 papers to be presented in Berlin, Germany.

We would like to thank Prof. Dr. Muzaffer ELMAS, Rector of Sakarya University for his support of organizing these conferences.

We also would like to thank our distinguished guests, keynote speakers for their collaborations and contributions for the success of these conferences.

And finally, we would like to thank to all of our participants who have presented their academic works in INTE & ITICAM& IDEC- 2017, Berlin, Germany.

Without their participation, INTE, ITICAM & IDEC-2017 would, of course, have been impossible.

We would like to sincerely thank all of you for coming, presenting, and joining in the academic activities.

We would also like to thank all of those who have contributed to the reviewing process of INTE, ITICAM & IDEC conference papers, which will be also published in TOJET, TOJNED.

Finally, we would like to wish you all a successful conference, pleasant stay in Berlin, Germany.

Thank you

Coordinators
